Dare to Compare the Competitive Advantage

52" WALL WITH RUGGED, BAKED ENAMEL 9" STEEL TOP RAILS AND 9" STEEL VERTICALS WITH BEAUTIFUL RESIN TOP CONNECTORS.

- o Century walls are made from heavier **copper bearing steel** than industry standards - 30 to 60 pounds heavier than the competition. Weigh the difference!
- o **Steel top rails** are extruded giving them a smooth finish and increasing durability by eliminating top rail rocking for maximum strength.
- o **Steel verticals are up to 50% heavier** than the competitors. This ensures maximum stability.
- o Wide mouth skimmer punch.
- o **Compac Supports** extend only 9 inches beyond the sidewall, not the standard 36 inches used by competitors. This accommodates larger pool models in smaller backyards.
- o 20 year limited warranty on all pool components. The first two years of the pool product warranty are covered 100% against manufacturer defects. Remainder of each warranty is prorated.
